ipshr solutions ltd.

Our core competencies lie in customized software solutions, internet based applications and technical consultancy. In addition, we also offer a range of hardware and networking solutions. Manned by a team of dynamic professionals, ipshr solutions ltd. is committed to understanding client needs and providing comprehensive solutions that are in sync with latest technologies.

ipshr career center

Our association with a heard of top notch IT companies including MNCs for providing technical as well as placement related services has resulted in the emergence of ipshr career center. Being a division offering complete placement services, we have association with top IT companies including Wipro for placement related activities. The key objective of career center is to help IT students in their job hunt and to inform them on prospective job openings.

ipshr career center operates an exclusive division to place the students of IPSR IT Finishing School.

The Finishing School Edge

- ▶ It is a skill-based programme honing both soft skills and hot skills
- ▶ Focuses on multi-platform proficiency
- ▶ Grounding in theory and endless platforms for application
- ▶ Bridges the gap between your education and the demands of the IT Job Market
- ▶ Backed by a total IT Solutions Company - ipshr solutions Ltd.
- ▶ Powered by Kerala's biggest IT Placement Consultancy.
- ▶ Offers Excellent Industry Interface
- ▶ Increases your Job Quotient

The Machine

IPSR is now one among the best IT training institutions in Asia offering quality IT education. Our Awards and Recognitions stand testimony to this. The training programmes at IPSR are structurally and functionally a multi-tier programme giving emphasis to creative learning thus brewing a student as a true professional.

IPSR IT Finishing School aims at offering an assured job for IT students by supplementing their academics with all the needed hot skills as well as softskills. Students who have challenges like insufficient cut off marks, a gap after completion of course or back papers etc can also benefit out of the programme. This package envisions to assist candidates to identify their strengths, thus making them equipped and totally ready for a bright career in IT.

IT Industry prefers trained candidates who are readily employable //

Companies are spending billions of rupees every year to train fresher candidates //

All these directly translates to an added advantage for Finishing School students over graduated freshers //

From Scratch to a Professional

Admissions are based on your Attitude and Passion and not your academic score //

TESTIMONIALS

I would like to convey my sincere thanks to the ipshr people both the faculty and management team. I did my RHCE and exams at ipshr Calicut. The training was well structured to make you an expert in Linux. Now I got placed as NOC Engineer at Telecom Services Network, through ipshr career center within one month. I would recommend ipshr finishing school to anyone who would like to study Linux because no other institute will provide you that much support. I once again honestly thank the ipshr team.

Anuprasad K
NOC Engineer, Telecom Services Network (Oct 2011)

I had a nice time at IPSR..The classes conducted by Nisha Madam and Aneesh Sir were excellent..The exam preparation was really helpful and knowledge-imparting..Am glad I chose ipshr.

Jithin Vargese, (Got placed in three different companies)

I got good support from IPSR. Faculty's and other office staff are very co-operative , still I can contact with doubts.They are willing & happy to help at any time.Needed more classes from the staffs working in the development section. Since they are more aware of the new trends in the website development field. Got Softskill Training which was also very useful. I got classes from experts in How to attend interviews, Mock interviews, Group discussion which helped me to face interviews with confidence.

I got placement through IPSR career center.Still getting support from Career center. Got advices in deciding between job offers.
