As per Red Hat statistics

RHCSS Fact File

### The Certification

RHCSS (Red Hat certified Security Specialist) is an advanced security level certification from Red Hat

The RHCSS course consists of three modules.

**RHS333** Enterprise Network Services Security

**RHS423** Enterprise Directory Services and Authentication

**RHS429** SELinux Policy Administration

Duration of each module is 6 days and the maximum number of intake per batch will be 6

### The prospects

RHCSS is a highly sought after certification and is an advanced certification in Linux networking.

### Who all are eligible?

Any candidate having a valid RHCE certification can opt for RHCSS

### Why IPSR?

- ▶ IPSR is the **only training partner** of Red Hat in Kerala authorised to offer **RHCSS Certification**
- ▶ Achieved an envious record of having **placed all the students of our previous batches of RHCSS** who underwent training for the first module, thus accomplishing **100% placement record**.
